

UTAH SYSTEM OF TECHNICAL COLLEGES

AGENDA ITEM

USTC BOARD OF TRUSTEES September 13, 2017

ITEM: III.S

TOPIC: College President Evaluations FY18-FY20: Committee Assignments and Schedule

BACKGROUND

Policy 112 calls for each college president to receive a formal comprehensive performance evaluation following the first year of service, and at least once during each three years of service thereafter (112.5.2). Each year a formal evaluation is not conducted, a less formal annual review will be conducted (112.4), which will include at least two meetings at the college during the year with the review team (112.4.3).

The review and evaluation teams are to include the Chair and Vice Chair of the college Board of Directors, the member of the USTC Board of Trustees representing the college, one additional Trustee appointed by the USTC Board Chair who resides outside of the college's service region, and the Commissioner of Technical Education.

The attached document lists for each college president review/evaluation team the Trustee representing the college, the additional Trustee appointed to the team by Chair Evans, and the year scheduled for the president's formal comprehensive evaluation.

RECOMMENDATIONS

Information/discussion only.
